black out*

Stoli Oranj Vodka, Mount Gay Rum, orange juice, grenadine ~ 7

*The Release Valve was originally put on Andy Zangrilli's Deli Restaurant Menu in 1978. Andy didn't realize the drink was trademarked by another local restaurateur. Rather than reprint the menu, Andy simply drew a black line through the name and called it black out. It became one of Gullifty's most popular mixed drinks.
